Mil-Lel 2020 Annual Show Announcement

The Mil-Lel Agricultural & Horticultural Show Society Inc. committee wish to inform all its members, sponsors, supporters, exhibitors, competitors and community patrons that it is with great regret that we make the decision to cancel the majority of our 2020 annual show.

With current restrictions and stipulations in place due to the Covid 19 pandemic it has been too difficult to adequately progress with preparations for a full show for this year.

The only show sections being considered to run at this stage are the equestrian events. A final decision for these sections, to be made later. This decision to go ahead with equestrian events will depend on exhibitor/competitor interest, and timing of pandemic restrictions easing. Watch our Facebook page for further updates.

The health and safety of all our members, volunteers, competitors, exhibitors, traders, and community patrons has been foremost in our discussions. Our decision to cancel most of the show has by no means been made lightly.

The committee sincerely thanks all our members, sponsors, competitors, exhibitors, traders and community organisations/clubs for the ongoing support and assistance generously given to the show over the years. We hope that you continue to show support for our wonderful, hardworking volunteers. Endless hours by volunteers go into preparation, maintenance and running of each show

While making the most of what we can for 2020 we look forward to an outstanding Mil-Lel Show in 2021.

Regards

Mil-Lel A & H Show Society Committee
